WANT A RIDE TO THE ANNAPOLIS BOAT SHOW?

Lodge Creek Yacht Club is putting together a charter bus to the Annapolis Power Boat Show for Saturday, October 17. You don’t have to be a yacht club member to join in on the fun trip. Bus will pick up attendees here at the marina at 7 a.m. Arrive at the show about 10 a.m. The bus allows food and drink so BYOB and whatever else you might want on board. The price is \$52 and includes entry fee to the show. Reservation deadline is September 27. Make check out to Lodge Creek Yacht Club. Tickets are available from either Bruce Williamson or Paul Kennedy on C-Dock. Or contact Bruce at blwilliamson@verizon.net.

PUH-LEEZ...!

When using the marina wifi system, do not download movies or other big bits files. Under our current plan, we’re only allowed to download up to 500 mb before running afoul of Hughesnet fair access policy. If we exceed that, our bandwidth access is throttled down to SLOW, or even worse, we are knocked off altogether for 24 hours. We are looking into the possibility of providing either an upgraded service or an alternative service. But till something better can be worked out, please be considerate of your fellow boaters and take it easy on your downloads.

EGGS FOR SALE BUSINESS — OUT OF BUSINESS HERE AT OLVERSON’S.

Thank you everyone who has been helping out Lottsburg neighbors Pam Glynn and Billy Howard in these economic hard times by buying their bodacious “homemade” eggs and doggie cookies. Unfortunately, this enterprise has become too much of an administrative problem for office staff to handle. However, if you would like to order eggs directly from Pam, call her ahead of time and she will deliver your order here to the marina at a mutually convenient time - late Friday afternoon or early evening? - or Saturday noon? - meet at the reeltop table outside the office: 804-580-2280. Suggest calling several days in advance if you want to get eggs that have never been refrigerated, viz., for cruising. Eggs will last up to 3 weeks w/out refrigeration that way.

SHE OUGHT TO CALL IT “BRISTOL BOAT BUSINESS”!

Marina resident Teresa Chaney, together with sometimes Shanghai-ed helper-husband Hank, has started a boat cleaning business. Teresa’s prices are reasonable and the results are in the aforementioned bristol range! The Chaney’s can be found at C-13 or call Teresa directly: 804-313-0236.

MANY THANKS TO OUR MTOA (Marine Trawlers Owners Assoc.) FRIENDS!

For supporting the local economy (including OLCM!) and staying with us part time whilst living their boating dreams lifestyle. Right now, we all are looking forward to the Northern Rendezvous in Crisfield, September 15 -17. BTW, we cannot say enough good about this incredible organization. We suggest that you do not wait till you can cruise away long term — join NOW for all the good times, sharing of info about the cruising lifestyle, and safety and boating maintenance education. See Fred or Cas for more information.

YES, WEE BEE BAD.

Fred and Cas will be slip-sliding-away aboard the “Freddie Bear” the end of October, bound for wintering in Marathon, FL. But we’ll see you round Christmas time if/when you come to check your boat, and, at Change Of Watch the end of February. If you need Fred for marina matters, boat or real estate sales (the Renaissance Man!), please feel free to call him on his cell: 804-456-0251. To track down Fred (!), or for help with general real estate matters, please feel free to call Cas: 804-334-8045.

HAPPY-BEAUTIFUL FALL BOATING! Fred & Cas, Stephen & Jodi Trice, Lynn Olivier, Mann Jackson
